Trophies awarded  
for Bike Show and  
Poker Hands, 1<sup>st</sup>,  
2<sup>nd</sup>, and 3<sup>rd</sup> places

Christian Bradley Soter, born May 9, 2005, suffers from a terminal illness known as Hydranencephaly. His life expectancy has already far surpassed what was originally diagnosed. Hydranencephaly is a neurological disorder in which all or most of the cerebral hemispheres are replaced with cerebral spinal fluid. There is no standard treatment for Hydranencephaly. Treatment is symptomatic and supportive. Hydrocephalus may be treated with a shunt. The prognosis for children with Hydranencephaly is generally quite poor. Death usually occurs in the first year of life.

A shunt in his head to drain the excess fluid and reduce swelling was suggested and then denied as his prognosis was too poor, his life expectancy too short. Yet, after Christian's first birthday and several attempts with different hospitals, Christian finally got the surgery to put the shunt in his head. The surgery went well and the swelling of his head went down, however not enough to take away the chronic pain. Christian is on a permanent feeding tube which takes special formula to allow him the nutrients he needs. While Christian is a fighter, and continues to fight for his life every day, there are enormous strains on his mother and grandparents in taking care of him. Please help us help Christian to fight as long as he can by providing him the essentials for the remainder of his precious life with us, as well as preparing the family for his journey to heaven. So, don't forget this smile...come join us for the fun! If you can't, you can still help by sending checks payable to Christian Soter to: Bikers for Forgotten Smiles, 3929 Soldiers Home West Carrollton Rd., Moraine, OH 45342. For information call (937) 859-1689.

12<sup>th</sup> Annual
