Come Help Me Help a  
Fellow Fire Fighter!!!!

**Dave Shank is 47 yrs old and has been a Cambridge City Volunteer Firefighter for 27 yrs. David is a devoted husband and father. After fighting a fire Dave went to work and became ill and had to be taken home. For 1 1/2 yrs he has battled an illness with little to no relief. Doctors have since sent Dave to the Mayo Clinic to try and find out what's wrong. Everyone knows Insurance doesn't pay enough to cover all the expenses he will acquire while at the clinic. This is where the public comes in. Please join us to help Dave. For 27yrs he hasn't let us down, he is always willing to put his life on the line and put your family in front of his own every time that tone drops and there is a fire run. Dave has put in many countless hours making sure the citizens of Cambridge City and surrounding areas are protected. Come Ride with us, have a meal with us or just come and enjoy a day of friends and neighbors all gathering for a Great Cause. Lets show Dave Shank that Cambridge City cares about their Fire Chief.**
